

$$I_1 = 0.2239$$

The diagram shows a vertical resistor symbol with a zigzag line. To its left is an upward-pointing arrow labeled  $I_1 = 0.2239$ . To its right is a curved arrow pointing downwards, labeled  $U_1$ . The top terminal of the resistor is marked with a solid black dot and a minus sign (-). The bottom terminal is marked with a solid black dot and a plus sign (+).
